

# 2024 MARITIME INDUSTRY DAY DIVE INTO YOUR FUTURE

**OCT 2, 2024  
8 AM - 4:30 PM**

**569 SUBMARINE  
WAY,  
PORTSMOUTH, NH**

## MISSION: BUILDING THE FUTURE BENEATH THE SURFACE

Join us for a day of excitement at the kick-off for October's Manufacturer's Month at the USS Albacore, one of the nation's most influential submarines. This Maine and New Hampshire-led event goes beyond a USS Albacore tour—it's a deep dive into how STEM underpins our core trades. Engage with industry experts, explore career opportunities, and see how manufacturers support the Submarine and Maritime Industrial Base. Each role lets you serve your country without a uniform. We need **YOU** to join our community. **The future is waiting—are you ready to dive in?**

### CONNECT WITH COOL CAREERS

Meet the industry pros—engineers, welders, machinists, electricians, and tech innovators—who are pushing the limits of what's possible underwater. Discover the exciting roles you never knew existed and how **YOU** can be part of this incredible mission.

### GET HANDS-ON WITH TRAINING

Learn about our boot camp-style training programs, designed to give you the skills you need to join the submarine-building mission. Fast-track your career with upcoming apprenticeships and partnerships.

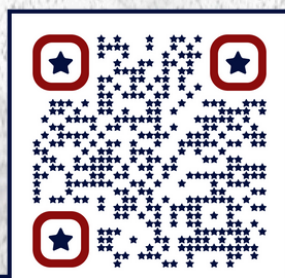

### SECURE YOUR FUTURE

Our mission to build the submarines of tomorrow means there's an urgent need for skilled professionals today. Explore the growing demand for shipyard jobs and see how you can contribute to building the future of national security.
